

**OFFICE OF THE PRESIDENT**  
OF THE SOUTH AFRICAN  
MEDICAL RESEARCH COUNCIL

**UNIVERSITY of the  
WESTERN CAPE**

#### **INFORMATION SESSION BY NATIONAL INSTITUTES OF HEALTH (NIH), US STAFF**

**The South African Medical Research Council (SAMRC)** and its collaborative research partner, the **National Institute of Health (NIH)**, are planning workshops around the country to promote its upcoming call for its round 2 joint collaborative projects between scientists from the US and SA in the fields of HIV/AIDS, TB and HIV related malignancies. Several staff from the various institutes of the NIH will participate in the workshop.

The aims of the workshops are to inform prospective applicants from your institution about the call and the requirements and processes to be followed in submitting applications. As in round 1 - which is in its 5<sup>th</sup> and final year - we envisage that there will be three categories of awards, viz R01, U01 and R21. The call for applications is scheduled for 2019.

#### **Details**

**Date: Monday, 04 June 2018**

**Time: 09:00 to 12:00**

**Venue: School of Public Health, Venue 1 A/1B  
University of the Western Cape**

#### **Kindly RSVP to:**
