General Admissions Criteria for 2020
The minimum admission requirement is a National Senior Certificate (NSC) with a minimum of 40% in four subjects chosen from the recognised NSC subjects known as the designated subject list.

UWC Points System
For admission to degree and diploma programmes UWC uses a weighted system for calculating points. In order to be admitted to degree studies the candidate should have achieved a minimum number of points. Refer to each programme on the reverse side for programmes.

In addition to point score requirements mentioned above, additional criteria must be met to qualify for admission to particular study programmes. Specific programme admissions criteria can be found on the reverse side of this pamphlet.

Designated Subjects
• Accounting
• Agricultural Sciences
• Business Studies
• Consumer Studies
• Dramatic arts
• Economics
• Engineering graphics and design
• Geography
• History
• Information Technology
• Languages (one language of learning and teaching at a higher education institution and two other recognised language subjects)
• Life Sciences
• Mathematics
• Mathematical Literacy
• Music
• Physical Sciences
• Religion Studies
• Visual Arts

Note: Effective 2019, UWC uses the new NSC grading system. Under this system, the grades 1–7 have been replaced with grades 1–7. A pass for all recognised languages is defined as a minimum of 3 (lower). Physics and Mathematics 1 are weighted at 3.5. This means that a pupil must score a 4 (adequate) in a subject to earn 3 points. The same applies to all subjects in the designated subject list.

To find out how points are allocated, refer to the attached table indicating how points are allocated. The attached table indicates to programmes.
