

For attention of:

Applicants applying to do business at the University of the Western Cape

Applications to run a CAR WASH at UWC and submission of a Business Plan

Dear Applicant

Many thanks for applying to do business at the University of the Western Cape (UWC). If you have already completed an application form to do business at our campus, the receipt of this document from us indicates that we have moved you to the next stage of our application process which requires you to furnish us with an executive summary and a business plan.

If you have not previously submitted an application form, an application form is included in Section 2 of this document which, together with the Executive Summary (Section 1) and the Business Plan (Section 2), should be submitted to our office.

To afford everyone an equal opportunity to do business on campus, we believe that a fair and equitable approach to the application process is to have all applicants provide us with a business plan in the same format and covering the same sections and aspects of their business.

The attached document therefore includes a template document that should be used by all applicants to complete their business plan. Each section should be completed in detail, using the guideline information provided. Not all sections will always be applicable or, should you not have any information to include in a section, please leave it blank rather than providing irrelevant information.

Applications will only be considered if:

- It is entrepreneurial in nature;
- It offers a service/product that is of benefit to/in demand by students and staff; and
- It provides social and developmental impact (where possible).

Please further note that UWC will not support any operations involved in gambling, smoking or alcohol.

Our objective is also to prepare all applicants for the business or entrepreneurial world outside of UWC and thus you will find that this business plan template provides you with insight into the nature of some of the questions usually requested by funders, investors or landlords.

Please refer to the attached annexures to the business plan template that provide further guidance, and summarises the UWC processes followed when assessing applications to do business on campus.

Should you require any support in completing your business plan or require any clarity on the content of this document, you may contact the UWC Centre for Entrepreneurship & Innovation (CEI). Note that any staff member from CEI who assists you with the business plan will **not** be allowed to adjudicate/provide input on the business plan assessment panel at a later stage.

We wish you everything of the best in your application process and look forward to meeting in the near future.

Yours faithfully

Charleen Duncan
