- **GHANA INST. OF JOURNALISM** - October 2001 - July 2003 (*Dip. in Comm. Studies*)

I am motivated to serve on the Council of the University of the Western Cape (UWC) because of my interest in the academia. I have three key attributes which I am confident the University and the Council will benefit from. These are: (a) I am a lawyer with experience in corporate governance (b) I was once a Tutor of the University and (c) I was an international student while studying at the University.

These attributes position me in good stead to help promote high corporate standards while promoting the interests of all students at UWC. I am further motivated to promote the University outside of South Africa especially looking at the high number of international students who have studied and continue to study at UWC. It is the reason why the members of convocation who nominated me come from Kenya, Namibia, Zimbabwe and Nigeria.

UWC is renowned not only on the African continent but globally. Its Council, which members would be a blend of the different perspectives of the University population, will therefore be of great benefit.
