Applying to Study at UWC for 2027

1 PREPARATION – KNOW WHAT TO STUDY?

Browse our academic programmes <https://www.uwc.ac.za/Pages/AllProgrammes.aspx> to see if UWC offers a programme you're interested in. Check the administration requirements to make sure you will qualify for the programme. Do the PACE programme online and identify the careers you are best suited for.

2 GETTING READY TO APPLY

Make sure you have the following documentation and information with you before you start your online application: ID/Passport number, valid email address, active cell numbers, school address, contact details of your parent/guardian. Please make sure your email and cell number is entered correctly.

3 ENTRY REQUIREMENTS

Entry requirements are the minimum academic standards that the University requires in order to consider you for entry into one of our degree programmes. Meeting the minimum requirements does not guarantee you a place. Competition for most of our degrees is high and demand for places generally exceeds the number of available space. Final selection is made subject to the availability of space in a specific programme, academic results and other entry requirements where applicable.
